Please see the attached. Mostly just made active voice changes. Also, try and not use "we" in fact sheets. I changed to EPA, but if you want to use another designator feel free.

Thanks,

Here is a draft of the Lane Plating fact sheet. It is still a little rough but I wanted to send to you before you go on travel. I'm working from home as we are delaying fieldwork till thunderstorms move through. Hope your flight is not messed up. Give me a call on cell if you want to discuss this.
